

WARNING - PLEASE READ THESE INSTRUCTIONS BEFORE USING EYEWEAR.

This protective eyewear was manufactured to meet the Safety standards AS/NZS 1337:1 and American National Standards Institute (ANSI) Z87.1-2000.

User instruction for Safety Eyewear in accordance with EN 166:2001, EN 175:1997 and European PPE Regulation EU 2016/425 and UK Regulation (2016/425) on personal protective equipment as brought into UK law and amended.

Store eyewear in a dry area at room temperature and keep sheltered from sunlight. Eyewear should be transported and kept in the original packing, at a temperature range 5° to 40°C, and relative humidity <80%, unless as to be cleaned regularly. This must be done using a mild cleaning agent, at room temperature (20 to 25°C). Disinfectant (in line with manufacturer's instruction) can be added to the cleaning solution for disinfecting the lenses. Anti-fog lenses must be cleaned using a soft lint-free cloth.

Under normal circumstances, eyewear should provide adequate protection for up to 6 months. Scratched lenses should be replaced or disposed. Please contact customer services before using spare parts. Unite Limited - +44(0)1527 584 344.
